SHOCKING VANDALISM

It was a real shock for our active Kinsmen when they entered the Rodeo grounds last week. What they saw beggars description! Not only were the booths turned over, but everything was torn apart with inhuman power, causing a loss of at least \$400.00. We don't understand why the Kinsmen who have already suffered such a financial loss with their Rodeo, should be singled out this way. As a service club they deserve all the help and support we can give. Instead, we destroy their work in a way to make all of us ashamed.

Our Recreation Director and many local clubs do all they can to create recreational activities for our youth, to keep them off the streets. It is amazing that some of them still seek their pleasure in brutal power.

At the time of writing, the delinquents are not yet known, although a Kinsman saw a group of boys running away from the Rodeo grounds. If anyone has any information regarding this disgusting affair, don't hesitate, phone our local RCMP at 599-7721. It is our duty to see that this loss doesn't have to be paid out of the pockets of those who are serving our community, giving their time and efforts free for all of us.

This was the big scandal with in the Kinsmen pavilion. The vandals tore all the wood and smashed the inside. Tables and chairs were completely destroyed.

WHO IS RESPONSIBLE?

There is an old saying, "Heaven we are born, but made". The same can be said about vandals. Vandalism is not born, but made! If parents teach their children to be callous, to respect the property of others and show in practice that they as parents obey this rule sincerely, we could have very few young vandals.

PUBLIC HIGH SCHOOL

Several changes in the staff of St. Albert Public High School have been announced by the Superintendent, Mr. G. J. Laffey. Among the changes which will affect the students is the leave of appointment granted to Miss Principal, Mrs. Margaret McMillan, enabling her to enter the University of Alberta in order to complete her Master's Degree in Education. During his absence Mr. Douglas McMillan will be Acting-Principal. Mr. Clarence McNeil will be serving as Vice-Principal. Mrs. Lorette Moore was also granted a year's leave of absence to continue her education in Europe. Mrs. Moore will join her husband in Paris where he is studying at a University. Mr. G. J. Kalita, Vice-Principal has accepted the post of Vice-Principal at Catharine School, Namao Airport, Red Deer, St. Albert since 1963. We're very pleased to know that the Kalita family will continue to reside here, while Mr. Kalita commutes.

Mr. J.W. Coffey is also leaving the staff of St. Albert High. As Physical Education Teacher, his own specialist career served to spark the interest of our young aspiring athletes which led them to further their individual ambitions. Mr. Coffey will be playing football with the Edmonton Eskimos. He will be entering West Texas State University to complete his studies.

Replacing Mr. Coffey will be Mr. Lorrie Wood, former Physical Education Teacher, who is no stranger to the school. Friday June 27, during the last period of the day, the students of S.A.H.S. gathered to bid farewell to their departing principal and Teachers. Representing the Student's Union, Neil John Smith, President, presented each with a gift. At the conclusion of the program all 17 teachers were given a standing ovation in appreciation of their work throughout the year.

Best wishes are extended to Mr. McNeil, well known as a tireless worker in our community, as well as the other departing members of the staff.

Who is responsible?
continued from page 2

But alas, so many parents fail in their task to bring up their children and to conduct them on the right path, that it is a mystery why they even marry in the first place. We call it a crime when the parents let their kids run all over the streets till midnight because they don't have time or won't be bothered with anything but themselves. This week, during the heavy rain, we saw a boy walking to a practice of one of our local clubs. His parents were home, dry and cozy, the family car was in good condition, but neither of them gave any thought of how it looks to a boy to walk at least 2 miles in the pouring rain. What does a boy think of his parents in such a case?

We talk about thieves being bad and needing punishment, but what about parents who attend a social evening, bingo or dance or beer matto, while their child is home with a fever? Do we realize that parents doing these and other bad things are destroying all the good things that are in the body and mind of every child? Why don't we punish the parents instead of the children when it is obvious that their children had to become delinquents? Why don't we insist, at least in our town, those parents who don't care if their kids run all over town, night and day, committing vandalism or robbery? We are not allowed to criticize the way of life of such parents because "that's their business".

A few hours in the Glenview District one night damaged last week, again by roaming youths. Those were broken and the basement inundated with water. Also one of our schools was broken into during the same week. Who will or does this? Who has the courage to suggest some drastic measures to help reduce this vandalism? There are towns in the world where the parents are punished for the wantonness of their children. There are also towns where good, willing, community minded teenagers serve as watch dogs (especially during the summer holidays), preventing other youngsters from vandalism. Why can't we start some of these conventions? And why shouldn't we bring more responsibility on the shoulders of those parents who are the main cause of all these very unpleasant troubles.

And the vandals are to the bleachers.

This is one of the last to go, it's completely collapsed on two sides.

There is no way of getting him. The
days are past when he can be
dislodged by the success of his

not in a position now to advise you,
and the best course is for the Liberator to re-
turn to his old political pursuits. In this,
we're all agreed. But I understand, when
you write him, you don't say so. On the other
hand, if he doesn't return to politics,
he might remain here longer than he would
otherwise. In "The Liberator," he continues
to write eloquently about the U.S.A., and
in that case could we let him do what he
wishes?

NEW STAMPPrince Edward Island Flower Stamp

Details of a special postage stamp to honor the Province of Prince Edward Is., were announced today by the Honorable René Tremblay, Postmaster General. The stamp which will be the eighth in a series of stamps honouring the floral flowers of the ten Canadian provinces and the two northern territories, will go on sale July 31, 1965.

The new stamp will be issued in the large size, horizontal format. It will be printed in three colours by a combination of offset lithography and intaglio printing from hand engraved dies. The provincial floral emblem, the lady slipper or moccasin flower, (Cypripedium acaule) will appear at the right of the stamp and will be printed by offset. The background tone of the stamp, and the provincial coat of arms on the left side will be printed by the intaglio process.

In announcing the new stamp, Mr. Tremblay noted that the legislation to issue a new stamp had been passed by the lady's slipper as the flower emblem in March of 1965. Members of the stamp were prepared with the co-operation of the Office of Tourism of Prince Edward Island and with the General Department of Articulture.

The stamp, as with the other three floral issues, was designed and engraved by the Canadian State Stamp Bureau of Ottawa. It will be of the same denomination. A total of 1,000,000 stamps are being issued.

PROTESTANT
SEPARATE SCHOOL BOARD**

1. Increasing quality of our children's education.
2. Efficient administration of school affairs.
3. Vigilance over use of public money in school building.
4. Good liaison between parents, school board, administrators and teachers.
5. Increased use of our schools for community purposes.
6. Increased library and laboratory facilities.
7. Better sports facilities and the more efficient use of sports equipment, including joint use of land by schools and the Town of St. Albert.

On the above platform I seek re-election to the school board to finish the work I started in October 1964.

My wife and I have tried to call on every Protestant School Supporter, but have probably missed a few: we therefore apologize to those whom we did not contact personally.
